

# Vetvisa + ELLA!

## Instant clarity on visa eligibility

ELLA is an automated AI-powered solution providing veterinary candidates with an accurate visa eligibility assessment for an Australian work sponsored visa based on qualifications and work experience.

## The Problem

Australia is facing a critical veterinary shortage:

- 😞 Short 1,500–2,000 vets right now
- 😞 Over 70% of clinics cannot fill roles, with regional practices hit hardest
- 😞 Some vacancies take 8–12 months to fill locally
- 😞 Australian universities only produce approx 1,000 new vets a year, while demand is double

## The Solution

ELLA = AI-powered visa clarity

- ✓ Instantly assesses if an overseas vet is eligible to work in Australia
- ✓ Analyses qualifications and work experience for the Skills in Demand Visa (subclass 482)
- ✓ Produces a **report certified by a registered migration agent**
- ✓ Removes guesswork on sponsorship, compliance, cost, and timing

**Unlock Global Veterinary Talent with Confidence.**

# Why Vetvisa + ELLA?

## Instant clarity on visa eligibility

- ✓ **Proven pedigree:** Techvisa brings 10 years of industry experience in immigration, now applied to the creation of Vetvisa
- ✓ **Trusted nationwide:** Relied upon by veterinary practices and associations across Australia
- ✓ **Education first:** We run lunch & learns, webinars, and consultations to guide clinics on accessing offshore vets
- ✓ **End-to-end service:** From visa eligibility through to compliance, approvals, and placement

## The Competitive Edge

-  **For Recruiters:** Expand your talent pool with sponsorship-ready vets from overseas. Know upfront if a candidate is eligible, what it will cost, and how long it will take
-  **For Employers / Practice Managers:** Access pre-vetted, visa-ready global talent to fill roles faster, with minimal input required from your clinic
-  **For Candidates:** Gain clarity, credibility, and control from the start. With your personalised ELLA report attached to your CV, you prove you are sponsorship-ready
